

Addition of a Multiple of Ten on a Number Line

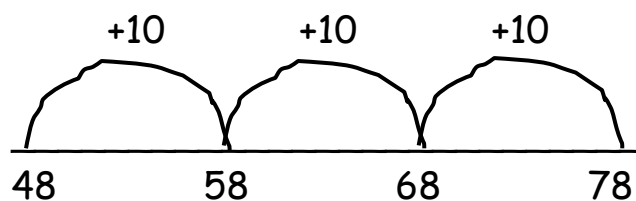

$$48 + 30 =$$

Draw a line.

Write the larger number under the line at the beginning.

48

Look at the smaller number. Look at the digit on the left. This represents the tens. Count on that number of jumps. Record the running total below.

Check the ones(units) digit on the right does not change.

Write your total in the number sentence.

$$48 + 30 = 78$$
