

Division as an Array

$$\begin{array}{ccccc} 6 & \div & 3 & = & 2 \\ \swarrow & & | & & \searrow \\ \text{dividend} & & \text{divisor} & & \text{quotient} \\ \text{number to be divided} & & \text{number in a group} & & \text{number of groups} \end{array}$$

$$6 \div 3 = 2$$

$$6 \div 2 = 3$$
